

*3<sup>rd</sup> March 2026*

Dear Parents and Carers.

WonderDome Visit 16<sup>th</sup> and 17<sup>th</sup> March 2026

We are very excited to be taking part in the National Science Activities for all school children during the month of March 2026. The theme this year is Curiosity and we are thrilled to be able to announce that we have arranged for a variety of scientific discovery activities during the month to promote science for all.

However, we are extremely fortunate to have been able to book the WonderDome which will bring the universe to our school with an immersive, presenter-led planetarium show designed to inspire curiosity, spark imagination and make unforgettable science learning.

Singlewell Primary School will be visited by Marc on the 16<sup>th</sup> and 17<sup>th</sup> of March 2026. During the two days all classes from Reception to Year 6 will enjoy an immersive experience in the Dome!

To help cover the costs of this event over 2 days, we kindly ask for a voluntary contribution of £3.00. While contributions are not mandatory, the event can only proceed if sufficient funds are raised. Rest assured, no child will be excluded based on contributions. Your support is greatly appreciated and helps make opportunities like this possible.

We would appreciate payment by **Friday 13<sup>th</sup> March 2026** please via **ParentPay**. Please do not use American Express payment cards due to the high charges incurred.

Thank you for your continued support.

Mrs Fisher & Mrs Gill
