

Innovators Class!

Welcome to Year 4! We are so excited to begin this fun, exciting, and unforgettable learning journey with you. We will be kicking things off by learning all about tortoises and enjoying the hilarious book *Esio Trot* by Roald Dahl.

This year you will have so many fun and exciting activities to take part in. We have some brilliant trips planned, including a visit to Europe's largest Gurdwara, which just so happens to be right here in Gravesend. We will also enjoy a fun-filled trip to the Maidstone Museum, learning all about the life of Victorians for our History topic.

Science is going to be a blast – from exploring the 3 states of matter (solids, liquids and gases) to building our own electric circuits. In Art and D.T, we will get creative making Mayan masks and torches and we will experiment with charcoal, chalks and oil pastels to create artwork inspired by natural disasters.

You will also be learning to play the recorder in Music on Wednesdays, heading off to swimming lessons at the local leisure centre later on in the year and building on your sports skills throughout the year in PE.

We have really enjoyed getting to know you all a bit better throughout our transition sessions and cannot wait to build on all your Year 3 learning when you join us in Year 4!

In every lesson, every day we will aim high, get creative, and let our ideas shine. We wish you all a great, fun filled, exciting summer.

See you all in September!

Mrs Atkinson, Mrs Bellars and Miss Hollamby
