

Dear Wanderers Class,

I have had such a fun time meeting you all over the last few weeks. I cannot wait for you to come to school in September!

I am looking forward to showing you where you will put your things, where you will sit on the carpet, and all of the fun activities that we have planned for your first few weeks at school! We are going to be reading lots of fun new stories!

We are going to be talking all about our families and who lives in our houses and have lots of fun drawing them. We are also going to be looking in a mirror and trying to draw ourselves too!

We are going to have lots of fun learning our new school rules, and learning all about what toys we have in the classroom to play with like our construction area and our water and sand tray!

We cannot wait to see you looking super smart in your lovely new school uniform on your very first day of school.

Have a lovely summer; make sure you spend lots of time having fun with your friends and families!

See you in September!

Miss Rivers and Mrs Packman ☺
